John Gallegos  
c/o Organ Mountain Technical Rescue Squad  
660 San Ysidro Rd  
Las Cruces, NM  
88005

Dear John and members of the squad,  
On behalf of the staff and students at Hillrise Elementary, we would like to thank you for taking the time out of your very busy schedule to come and educate our students about search and rescue in the first ever Celebration of Doctor's Day at Hillrise Elementary. We really appreciated how well all of the members interacted with all of our students, and the enthusiasm displayed by all for the medical field showed in each of the presentations. The students got so excited when they were able to witness how people were rescued, carried and treated by your team. The visit to Hillrise showed the staff and the students something many had never experienced, and the excitement over the all of the displays was shown all day. By participating in this event, it shows your incredible dedication to our students and community. We truly appreciate your visit, and the time that you took with our students. We realize the time and effort it takes to arrive and present at an event like this, and we hope that you will return again next year for another fabulous presentation!!

Sincerely,

Egan T. Luscher  
School Nurse  
Hillrise Elementary

Andrea Fletcher  
Principal  
Hillrise Elementary
